This Ninja course module is designed to develop balance, coordination, and focus in children and youth. It is an exciting and physically engaging obstacle where movement takes place on swinging ropes, providing a dynamic and playful training experience. The set consists of five vertical ropes attached to an upper crossbar. The angled ropes and footrests force users to carefully plan their center of gravity, thereby enhancing their body awareness.
Materials:
- 16 mm six-strand PES cover braided steel ropes;
- Galvanized beam;
- Footrest step plates made of HDPE plastic with rubber coating.
