## Product consists of

Climbing nets	2 pcs 16 mm six-strand PES cover braided steel ropes
Beams	1 pcs

## Installation info

Installers	2
Installation time	5 h

The product's hot-dip galvanized round steel posts are concreted into the ground.

The product needs a safety surface

The Ninja climbing net is a challenging training element that develops upper body strength, grip ability, balance, and coordination. Its flexible yet durable net structure encourages climbing while providing safe and exciting physical activity. The climbing net is ideal for Ninja courses, supporting active movement and the development of physical fitness.

The product structure is made of hot-dip galvanized metal.
